# *Introduction*

**NetworkReferenceLab** is a full-service laboratory with competitive pricing, proven high quality, and exceptional turnaround times. Because we are owned by Christian Hospital (CH) and Northwest Healthcare (NWHC), we can offer you access to the most modern technology and methods available. Personalized service is the foundation of our Laboratory System and it is the fundamental reason why **NetworkReferenceLab** stands apart from other laboratories. At **NetworkReferenceLab**, we believe in the importance of person-to-person service so you will never have to deal with a complicated voice mail computer system. Our Client Response Team will cheerfully respond to client questions regarding testing, billing, and reporting.

Our staff of Board-certified pathologists and technologists provides the most dependable diagnostic information available.

Our portfolio of tests includes routine as well as esoteric testing, and our reporting capabilities are rapid and accurate. With a dedication and commitment to serving your clinical reference laboratory needs every day, **NetworkReferenceLab** offers the tests listed here and more.

Thank you for selecting **NetworkReferenceLab**. Our mission is to provide quality laboratory services to the people and communities that we serve.
